

aspa FRdesign

Collection of tables for the domestic and commercial market.

The wide range of options, both in height and finishes make the Aspa a highly versatile table. With its patented, three-blade foot, unique in its kind, and its double, two-toned top- the Aspa is characterised by its exquisite details.

Various options are available to customize the tabletops (melanin, etc.) and an outdoor version with a Compact top for contract use is also available.

materials:

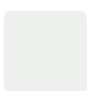

The Aspa table top is made out of two MDF boards glued together. The underside matches the color of the base (black or white) and the top is made of lacquered or oak veneered MDF, with one of the finishes from the Viccarbe collection. The structure is made of steel lacquered in thermoset epoxy in black or white.

Tops:

Lacquered
