

bloom planter and light eugeni quitllet

Eugeni Quitllet metaphorically captures the flowering stage found in nature. Intended for public spaces, the Bloom Lamp- Planter's beauty establishes a relationship between sculptural form and technology, thanks to its LED feature.

Inspiration transformed into poetry:

Bloom lights by night...

Bloom buds by day...

Bloom a mirage from the depths of the sea

like a night flower facing the sunset...

that opens, awakes a new being...
