

captains fattorini + rizzini + partners

The Captain's chair owes its name to its shape, which draws inspiration from yacht helm chairs. Fattorini + Rizzini + Partners designed it at the same time as the Marina range. Their purpose was to create a single Marina picnic table combining a comfort zone with comfortable chairs, alongside a budget zone with attached seating benches. The final result is a shell chair offering unrivalled seating comfort. Its wide shell offers ultimate seating pleasure, even for large or tall people. The chair's standard colours are black & white, but it is also available on request in other colours. Or add colour yourself by choosing the optional cushion or the upholstered shell.
