

elephant armchair designer neuland

A design chair that combines strength and beauty with practicality and reliability; Elephant, pushes the boundaries of innovation and sets new standards for design and usability. Despite its relatively short lifespan, Elephant has already received international recognition from audiences and critics alike, and was awarded with the “Best of Best Winners of the Interior Innovation Award” in 2012. The outer shell of the chair is, as its name would suggest, inspired by the powerful but smooth back of an elephant. The chair is available in leather, with visible seams, and in a second variant made of polyurethane, with the optional extra of a removable cushion upholstered in fabric.

materials:

leg finish:

polished chrome steel, satin-finish chrome steel or lacquered steel.

solid beech, solid european oak wood, walnut stained solid oak wood and lacquered wood.

body finish:

white, black, beige, terracotta brown, brown, olive green and light blue polyurethane.

“Cuoietto” hide, natural or black full-grain hide. divina md/divina melange 2 fabric.

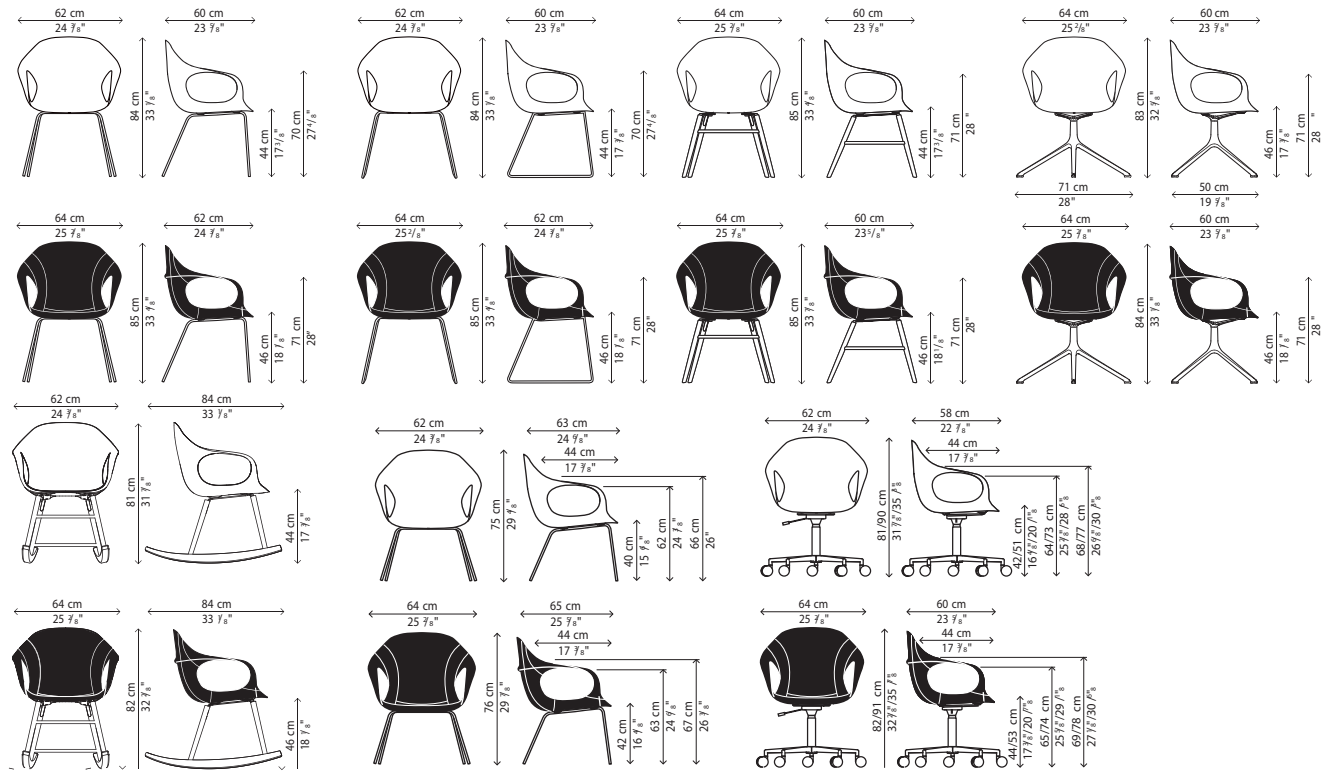

finish for removable cushion:

customer fabric, divina md/divina melange 2 fabric, field and scuba fabric

elephant table designer neuland

The collection of Elephant chairs, with their characteristic structure inspired by the shape of an elephant's back, is enhanced with a new item: the bistrot table. Based on the trestle base of the swivel version, in polished or painted pressure die-cast aluminium, it supports a thin round top. The idea has been extended to also include a version with a double base and a rectangular top. Versatile Elephant tables are available with tops in different colours, either fixed or folding, to suit the most diverse needs and contexts: the home, the office or contract furniture projects.

materials:

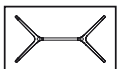

finish of structure:

black lacquer, white lacquer or polished aluminium.

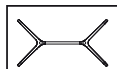

Top in:

black or pure white laminate.
