

## face luca nichetto

Stackable chair, also for outdoor use, with anodized aluminum legs and single frame in hard moulded polyurethane. This material, which is very sturdy and easy to clean, make the seat versatile and useable in both homes and common areas. The hole in the back, which is also useful as a handle, ensure flexibility and greater conformity to the body of the occupant. Also available in a single-colour version with legs in painted aluminum.

materials:

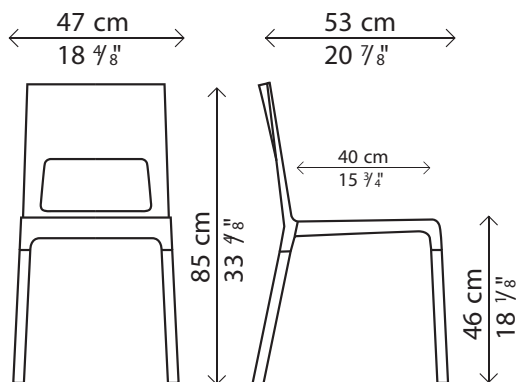

leg finish:

anodised aluminium or aluminium lacquered in same color as seat

body finish:

white, red, black or beige polyurethane

dimensions:

orange skin
