

# highlife claesson kovisto rune

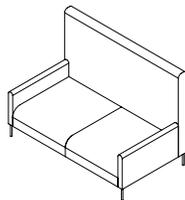

Simplicity and dynamism are the key elements for this series: every piece has a different height back, with standardized seating heights. This subtle manipulation allows for a play with shapes and volumes creating a varied level of privacy. Ideal for spaces dedicated to work or relaxation. A tailor-made creation, undoubtedly precious, where big hand stitched buttons are a clear reference to the fashion industry. Fabrics reference materials typical of suiting.

materials:  
Upholstery available in range of fabrics and leathers.

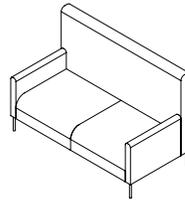

dimensions:

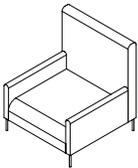

L. 29,52"
