

horizon bench arik levy

Modular seating system composed of armchairs, sofas with two seats or three seats with cushions, dormeuse with one armrest day bed and pouf. Padding and cushions in cold processed flexible polyurethane of different densities. Cover in fabric, synthetic material, leather, customer leather or customer fabric, available in solid color and in two different colour couplings: the first conveys an expansion of the shape and the latter a more intimate nesting effect. Extra covers are also available. Available in two heights: one for residential use (3cm) and one for contract market (6,5cm).
