

inumbrina dirk wynants

description:

Inumbra & Inumbri(n)a are unique because of their pure aesthetics. Easy to open and close: the parasols open and close by means of a separate handle (inumbr(a)) or of a cord (inumbr(in)a). All technical parts that open and close the screen are above inumbra(in)a's UV resistant fabric and consequently are not visible when seated under the parasol.
