

levitt ludovica + roberto palomba

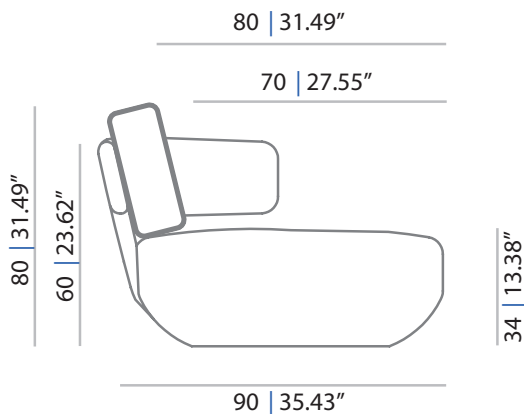

Special moulds are used to obtain the elegant curved backs. The Levitt collection, with its striking appearance from all sides, is perfect for both domestic and commercial use.

materials:

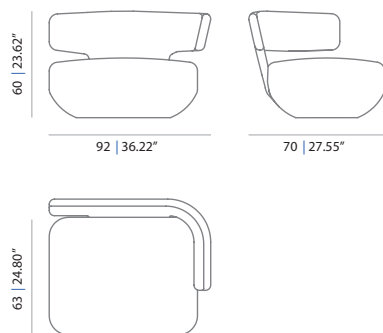

Back in curved plywood and wooden base covered in non-deformable polyurethane with various densities and polyester fiber.

Cushions filled with sterilised goose and duck feathers with hollow siliconized fiber and anti-dust mite treatment.

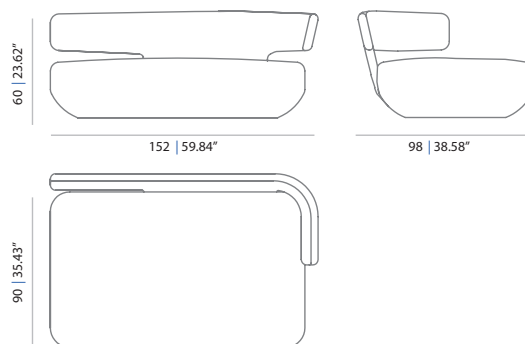

Non-removeable covers.
