RANDOM CABINET

Designed by Neuland Industriedesign

A storage unit with compartments in standard size, closed by doors. Made of medium-density wood fibreboards, in micro goffered white lacquer. The single unit can always be turned upside down. By flanking more units, you can create large-sized configurations of great impact, also together with Random Box and Random units.

FRAMEWORK

Made of medium-density wood fibreboards, in micro goffered white lacquer. Uprights and shelves in thickness 6mm; doors in thickness 12mm. The back is made from white melamine coated board (thickness 10 mm).
