SIENA

Designed by Simone Bonanni

A small padded armchair with generous dimensions and a soft, reassuring silhouette. The excess fabric confers a sense of movement to the surface and highlights the sense of comfort and conviviality.

Given its look, volumes and ergonomics, this product is timeless and adapts perfectly to new scenarios. The piece has unique details, which simply mark the high-quality construction and craftsmanship.

The double seam on the backrest highlights shape and tension; the comb joints connect the legs to the wood bases, enhancing the care and manual expertise of solid-wood working; an elliptical steel tubing inclined to 45°, a synonymous of technical expertise and advanced production.

SHELL

Load-bearing shell made of Baydur® (compact techno-polymer for moulding) over-moulded with polyurethane foam rubbers; Seat in metal tubing covered in polyurethane foam rubber.

Polyester wadding.

BASES

. four ashwood legs: solid natural ashwood frame painted with transparent staining, available in natural, brown or bleached finish;

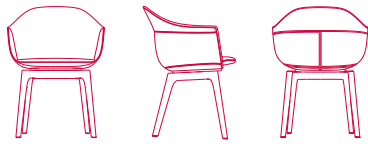

. four metal legs: frame in elliptical steel tubing, powder coated in the finishes matt white, bronze and black nickel. rocker: frame in elliptical steel tubing, powder coated in matt white, bronze and black nickel finish.

. rocker bases in natural solid ashwood, painted with transparent staining, available in natural, brown or bleached finish.

PADDED SHELL

Padded small armchairs can be covered in fabric or leather. Possibility of seat with removable cover.
