

mass fr design

Its minimalist style and innovative back and seat system permit numerous possibilities both in terms of size and configurations. Two armrests are available; straight and L-shaped.

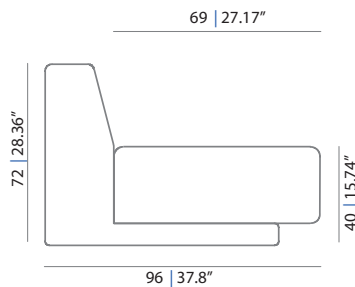

Low tables and storage units in oak with finishes can also be fitted.

The seat is made of foam with various densities for optimum comfort. The cover is removable (except in leather) and the units can be easily disassembled in order to place large units in rooms with limited or difficult access.

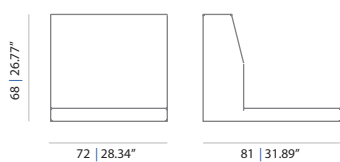

materials:

Wood with expanded indeformable polyurethane with different densities and polyester fiber.

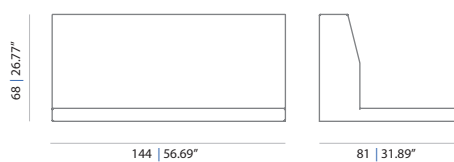

Cushions filled with sterilized goose and duck feathers with hollow siliconized and anti-dust mite treatment. Feather-proof cotton cover. Removable cover. Leather and imitation leather covers are non-removable.
