

miunn karri monni

Miunn seating system is formed of a single shell using 3D ply moulding technology. Its design features an embracing egg-shaped shell with several base and height options. Its shape provides support to the back with soft lines gently cradling the sitter. The Miunn chairs are available in 5 different base options. The Miunn stool can be chosen in two different fixed heights or with an adjustable seat height on a swivel base. Miunn seats have a wide range of wood options and can also be fully upholstered in a range of fabrics or leather.

materials:

Shell in 3D molded plywood in blanché oak, oak dark walnut, black open pore oak, white lacquer or upholstered.
