

quilt pearson lloyd

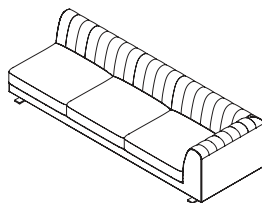

Quilt is born from a desire to go beyond the latest design fad, offering a system of cushioned dimensions: sofas that fit perfectly into both the home and contract environment. Its quilted stitching immediately communicates a feeling of comfort and a sense of luxury. The sofa is available in different sizes with a chromed-steel base; the armchair comes with a disc-shaped base in painted steel. The collection is complemented by a square pouffe that can be placed next to the sofa or chair.
