

sol+luna dirk wynants

Just imagine: a lazy day in the sun, a siesta or a relaxing break with a book. In the evening, your best friends drop by unexpectedly as the sun is going down. Great company, tapas and a mojito with mint from the garden... what more could you dream of? At Extremis, Dirk Wynants came up with the ideal 'tool' to make this happen. Sol+Luna is a two in one piece: furniture that has a function by day and by night. The perfect way to make optimal use of your patio. The collection offers add-on accessories such as attached cocktail tables, storage nets, a locker to keep your items safe while taking a swim, cushions, bolster & throw pillows, a sun shade and even a LED light/shade combination. The sun bed has a handy shelf to put things on at the side, which also makes a perfect backrest: just throw on a couple of cushions and you instantly create a comfortable sofa for three people.
