

# ami ami tokujin yoshioka

Ami Ami ("weaving" in Japanese), is the new polycarbonate table and chair. Ami Ami combines references to Oriental culture with the use of innovative materials like polycarbonate and is available in a range of delicate colours - smoke grey, opaline and transparent - and the saturated shades of white, red and black. The chair is accompanied by a table with aluminium legs and a 70x70 cm square polycarbonate top entirely covered with the same woven motif.

## Materials

Transparent or batch-colored polycarbonate , table structure painted aluminum.

Chair
