

apta romano marcato

APTA table is innovative for its lines and the materials used. The frame in aluminium varnished, with a ninety degrees contour, creating a light design and at the same time giving an idea of strength. The table is suitable for home use but also for the contract market, for meeting rooms or as desks.

materials:

The tops in white or black Fenix, concrete, blanched oak, oak dark walnut or black open pore oak. The frame is available in powder coated white or black.
