

## archipenko rodolfo dordoni

Archipenko is the collection of cabinets designed by Rodolfo Dordoni who stylishly and elegantly matches functionality with design in the interior decoration world. From the living room to the sleeping area, Archipenko suits any room setting with a view to enhance them with an easily recognizable touch of glamor. The wide range of pieces can answer different taste requirements. For example, new volumes and new oak finishes, available in several colors, natural, grey, moka, and black, which emphasize the remarkable craft flavor of this collection. In addition, lacquers have been supplemented with new grey shades and the brand new plum and blue colors. Based on accurate details, the Archipenko cabinet stands out as decorative. Through the black nickel metal handle, which relies on a round shape to ease off linear rigor, thus resulting in volumes synonymous with formally modern charms.

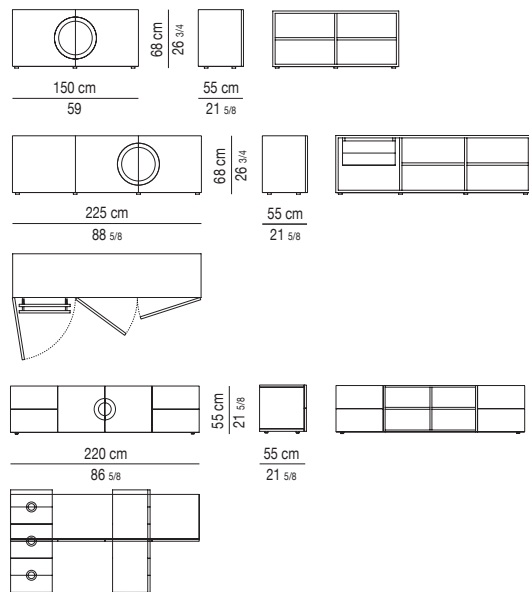

### materials:

All the elements of the Archipenko system are realized in wood frames 30 mm in thickness. The doors, which are also 30 mm thick, and the exterior drawers are provided with built-in, laser-cut metal handles in bright black-nickel finish. Whereas the handle-free exterior drawers are fitted with the "Push and Pull" opening system. Technical feet, adjustable in height.

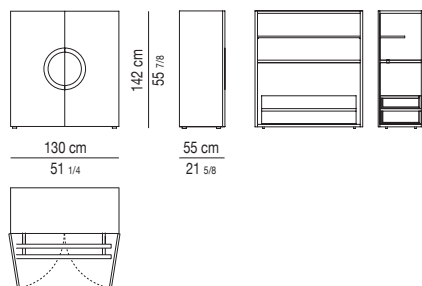

### finishes:

- glossy varnished in the colors white, birch grey, dove grey, sand, stone grey, elephant grey, plum, blue, moka;
- matt varnished in the colors sand or moka;
- natural brushed oak (interior and exterior finish);
- open pore, grey tinted oak (interior and exterior finish);
- open pore, moka or black lacquered oak (interior and exterior finish).
