

# be-easy bluezone

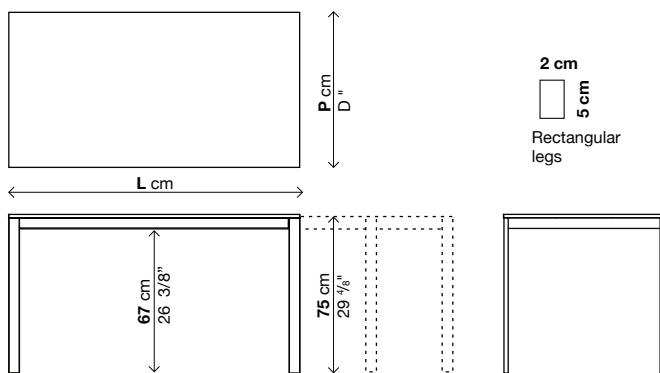

Be-Easy is a collection of indoor extendable or fixed tables with minimalist appeal, featuring a Fenix-NTM® top available in various colours. NTM stands for NanoTech Matt, or the anti-reflective matt effect that gives the surface of this material its warm aesthetic and soft tactile appeal, and its high resistance to scratching, abrasion, heat, stains, impact, detergents and solvents. The table legs are powder-coated with a soft matt effect to create an attractive single-colour and single-material effect with the top

materials:

finish of top:  
Fenix-NTM® Kos white, Ottawa beaver, London grey or ingo black.

legs finish:  
white and black lacquered steel  
Fenix-NTM Ottawa beaver and London grey.

## be-easy slatted bluezone

A complete collection of tables, benches and small tables for outdoor use, including a bar table or bar counter, in a simple versatile design, with crosspieces made of anodised aluminium. It has zinc-coated steel legs, also available in customised heights. The top, with 20 cm wide and 2 cm thick slats, is made of Teak wood from FSC certified plantations that respect the environment. It can be left to acquire a silvery color over time, or treated with oil to maintain its natural shade.

materials:

finish of Structure:  
anodised aluminium

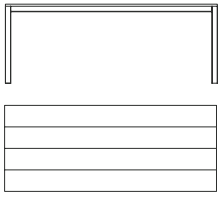

leg finish:  
galvanized steel and white lacquered steel  
Fenix-NTM London grey lacquered aluminium and olive green lacquered aluminium.

finish of Top:  
teak
