

# captain's chair metrica

The Captain's chair owes its name to its shape, which draws inspiration from yacht helm chairs. It's a shell chair offering unrivalled seating comfort, even for large or tall people. Thanks to this variety of frames, the chair can be used in all kinds of environments: public spaces, private homes, indoors, outdoors, etc. It is perfectly suited for terraces, patios, hotels, restaurants, pubs, offices, dining rooms, meeting rooms, bar and lounges, to name but a few possibilities. As the wind can send them rolling away, we would not advise using the wheel frame options outdoors.
