

dr. yes philippe starck

Dr. YES is a uniquely styled chair manufactured from a highly resistant material making ideal for outdoor use. The body has square lines, curving slightly downward to provide roomy and surrounding. It is made of modified polypropylene, using gas injection. The chair's finish is opaque inside, with a soft and comfortable touch, while the surface of the back and legs is glossy. Dr. Yes offers solid, comfortable seating, easy cleaning and a broad range of colors.

Materials

Modified batch-dyed polypropylene.

Opaque
