## FLOW LOW TABLE

Designed by Jean Marie Massaud

Round coffee tables in three dims. Base with central leg made of aluminium, lacquered in matt white or gloss black. Table tops in matt white cristalplant®, or gloss black ceramilux®.

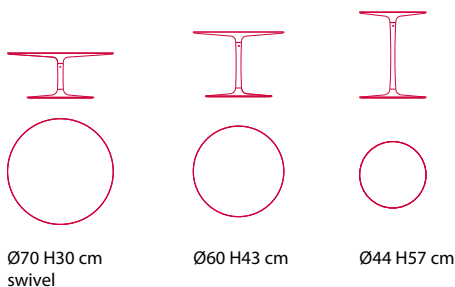

### CRISTALPLANT®

It is a unique highly advanced composite material made up of a high percentage of natural minerals (ATH derived from bauxite) and a small percentage of extremely pure polyester and acrylic polymers; thus it is an inert hypoallergenic and non-toxic material. CRISTALPLANT® is a 100% made-in-Italy solid surface and is 100% recyclable,

### CERAMILUX®

It is a material composed of natural minerals (calcium carbonates and aluminium trihydrates) and polyester resin. The gelcoat film coating the surface of the material is made of a highly-resistant acrylate polyester.
