

jacket patrick norguet

Inspired by the fashion world and crafted with fine tailoring skills, the armchair known as Jacket and designed by Patrick Norguet casts a spell of sheer fascination with its sleek, graceful lines, while surprising the viewer with its novel use of the quilted fabric: instead of simply dressing the metal frame, it becomes a soft and cozy body in itself with an edge along the back that is reminiscent of a jacket collar. Two down feather cushions add a soft touch of made-to-measure comfort.
