Drawing inspiration from the work of the American artist Ellsworth Kelly - a world of simple shapes and pure colors - Kelly is one of the best-loved projects from the design trio Marten Claesson, Eero Koivisto and Ola Rune. A Collection that now expands to become even broader and more complete: Kelly dining and meeting tables, available in a range of sizes, and featuring rounded edges and elegant legs that convey a sense of lightness. The little Kelly occasional table was designed to accompany the armchairs from the same collection, but it can also be used in many different settings.
