

## bourgie ferruccio laviani

The revisiting of a classic: the baroque table lamp. The revolutionary feature of this lamp is that it is made entirely of polycarbonate. Classic, rich, and traditional, yet its transparency makes it ironic. Thanks to a special coupling system on the lampshade, it can be assembled at three different heights.

materials:

transparent or batch-dyed polycarbonate

dimensions:

d: 14 1/2" h: 27"-31"

colors:

matt colors
