

matelasse

patricia urquiola

A colorful and playful round container-vase, ideal for any room in the home. The distinctive feature and special allure of these original vases lie in their particular conformation suggestive of a waffled fabric with irregular sinuosity's caused by the different surface thicknesses. A design item uniting the softness of its core with its sturdy structure, made possible by the top quality plastic used in its manufacture. The Matelassé vases come in various colors and can be transparent or opaque.
