

## misura claesson koivasto rune

The Misura chair is conceptually driven by the fashion world: a collection with a common identity, in which are found many solutions with the right 'fit' for any space and situation. Light, compact and dynamic, Misura S is suited to a dining table or meeting room, while the Misura M, L and XL satisfy more diverse needs ranging from lounge areas to waiting rooms. Variety in both dimensions and range: Misura S is available with feet or castors, Misura M is offered with feet or a 360° swivel base, whilst Misura L and XL are equipped with feet. The wooden structure is generously cushioned and upholstered with an unremovable cover.
