

kube loris lucatello

The Kube table: it is a different way of thinking a table where you can write. Therefore it is also a different way of thinking about writing and above all about drawing. As a part of furniture, this cube on wheels made of plexiglass and paper sketchpads is very versatile. It can be personalized at any moment and in any situation thanks to the replacement paper on disposal and available in twenty different colors and different sizes.

materials:

Paper and plexiglass.
