

soleil giorgio bonaguro

The mirror is an object filled with meaning, an object and, at the same time, a reflection: just like a jewel which is both an ornament and the reflection of a personality. Inspired by this similarity, Giorgio Bonaguro designed the Soleil mirror like a jewel for the wall, considering details like wearability and how it hangs. Like a pendant, the mirror is suspended by an elegant leather cord, typical of luxury leather goods, woven through the gold frame to create an interplay of reflections and shadows on the mirrored surface. A tastefully intricate object for those who adore sophisticated details.
