

s table xavier lust

Round or oval tables. S-shaped twisted stand, moulded in Cristalplant® in matt white or Ceramilux® in gloss black. The mould gives shape to its unusual design through self-rotating multiple openings.

materials:

CRISTALPLANT®: A unique highly advanced composite material made up of a high percentage of natural minerals (ATH derived from bauxite) and a small percentage of extremely pure polyester and acrylic polymers; thus it is an inert hypoallergenic and non-toxic material. CRISTALPLANT® is a 100% made-in-Italy solid surface and is 100% recyclable.

CERAMILUX®: A material composed of natural minerals (calcium carbonates and aluminium trihydrates) and polyester resin. The gelcoat film coating the surface of the material is made of a highly-resistant acrylate polyester.

Tops for a white stand in matt or gloss white Namibia marble, matt or gloss white Carrara marble and matt or gloss medium grey Bardiglio marble.
Tops for a black stand in matt black Sahara marble.

dimensions:

Round table: Ø126 / 140 / 156 / 175" x H71 or H73 cm

Oval table: L210 D150" x H71 or H73 cm, Ø126 / 140 / 156 / 175" x H74 cm,
L210 D150" x H74 cm
