

## tatlin rodolfo dordoni

The Tatlin bed is all about the headboard, upholstered in saddle-hide with detailed workmanship that calls to mind refined luggage in the rounded corners, the stitching, the lush thickness. Tatlin has an unusual split personality - a softer Tatlin, with accessory cushions upholstered in the same fabric as the bed sides. The other is a more minimalist, uncompromising voice, where the saddle-hide headboard is always in full view. The Tatlin Cover version gains a welcoming softness with its completely upholstered look.

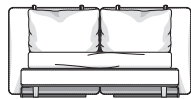

### materials

**Frame:** Multi-ply wood headboard and frame padded with resilient polyurethane foam of different densities.

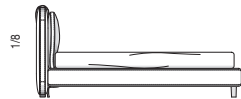

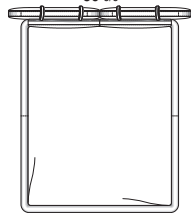

**Covers:** The headboard has two panels covered with fabric or leather upholstery or saddle-hide. The saddle-hide is available in the following colors: mud, black, tobacco, and dark brown. Tatlin-Soft has a headboard with two cushions, with non-allergenic fiber padding, strapped onto the saddle-hide panels with snap buttons. The cushions and bed frame cover are matching.

**Feet:** Molded die-cast aluminum feet with pewter-colored, extra glossy anti-touch finish.
