

## virus dirk wynants

Virus is a picnic table in various guises. Dirk Wynants has designed different versions based on an identical seating frame for two to five people. This is a fun way of filling a space with a mixture of small to medium-sized seating sets without losing uniformity. What is more, the compact design responds to the trend for smaller living spaces, offering a solution that enables you to use our tools on balconies and in urban gardens. There, too, there is an ideal Virus table for every gathering. So expect nothing less than togetherness everywhere!
