

# louis ghost philippe starck

A comfortable armchair in transparent and colored polycarbonate in the Louis XV style: it is the quintessence of baroque revisited to dazzle, excite and captivate. Louis host is the most daring example of the world of injected polycarbonate in a single mold. Despite its evanescent and crystalline appearance, Louis Ghost is stable and durable, shock, scratch and weather resistant. It can be stacked six high. It has great charm and striking visual appeal and brings a touch of elegance and irony to any space.

## Transparent

B4/crystal	
J1/smoke grey	
J2/straw yellow	
J3/sunset orange	
J4/crystal green
