

heron rodolfo dordoni

description:

System of storage units with doors, drawers and open compartments for the different domestic, office and public environment. Collection composed of different storage units in terms of dimensional combinations and frontal equipment:

- Low L200 P50 H80 cm. Available with 4 doors or 2 doors, a single drawer and an open compartment or two doors and a double drawer;
 - Medium L151 P50 H116 cm. Available with 3 doors or 3 doors and an open compartment.
 - High L103 P50 H152 cm. Available either with 2 doors or 2 doors and an open compartment.
- The open compartment is always provided with a perforated back. Every storage unit can be customised by choosing between two side panels' options:
- transparent in extra clear glass 5mm thick
 - closed, with panel in the same lacquered finish as the structure.

materials:

Structure in lightened and lacquered honeycomb panel. Steel section 30x30x5mm for the side panels and extruded aluminium for the top.

The storage units structure always comes in matt and is in two options available:

- profile in painted metal matt white, with micro-goffered lacquered ivory white panels;
- profile in painted metal matt light grey with micro-goffered lacquered medium grey panels.

Every storage unit can be customised by choosing the colour of the cabinet back panel, in the different matt lacquered options available: ivory white, medium grey, dark red, okra yellow, dark orange and petrol blue. Cabinet back panel color always matches:

- back in perforated sheet (on both sides)
- back in honeycomb panel in the internal side only
- internal shelves, where expected
- drawer front.
