

# hopper table dirk wynants

The Hopper designer table is a popular choice for both gardens and workplaces. It has four access points which allow you to sit down far more elegantly than if you had to swing your legs over the bench. From now on, you can opt to replace one or both benches with chairs. Add a couple of Captain's chairs to vastly increase the comfort of your garden suite. Or your office suite!

The Hopper designer table is available in four sizes which seat four, six, eight, or ten people. Choose galvanised steel legs for extreme durability, or powder-coated aluminium table legs for a more refined look.

## materials:

Powder coated aluminium legs

Galvanised steel legs

Iroko tabletop & benches

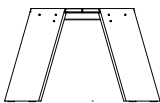

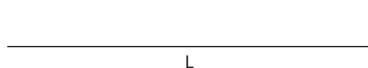

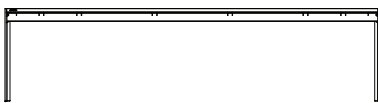

Hellwood tabletop & bench

Galvanised steel frame
