

keramik bruno fattorini

A family of tables and consoles with tops in laminated ceramic, suitable for both indoor and outdoor use.

materials:

the frame and legs are made from goffered painted aluminium in anthracite grey, medium grey, and white.

the tops are made from 9mm thick glass panels and a 3mm thick plate of laminated ceramic. Available in satin finishes: anthracite grey, medium grey, and white

dimensions:

tables are available in heights of 28.3" or 29.5"

special sizes are available and require extra work and cost. For larger tops the price will be based on the next size up, plus 30%; for height variation there will be a 15% extra charge, with a max height of 31.5"
