

# thea lina obregon + carolina galan

Thea, the new upholstered system, originates from the female interpretation of shapes and from the balance of guidelines in apparent antithesis: comfortable, cozy - tidy, dynamic - rigorous, lightweight - highly compact.

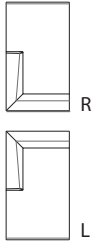

materials:

The supporting structure is made of solid wood and plywood with a base equipped with elastic belts and feet. The padding is in variable density polyurethane, while the cover is in polyester padding. The collection's typical feature is the contrast grey, with free combinations on demand.

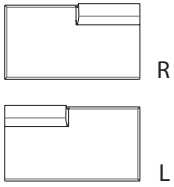

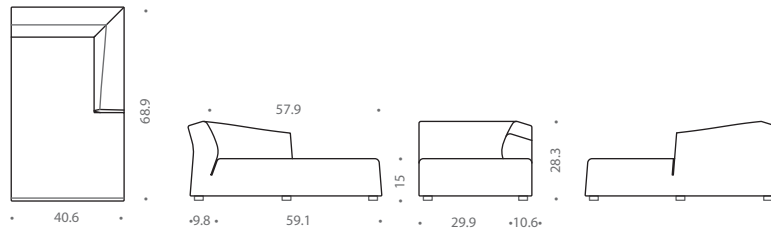

dimensions:

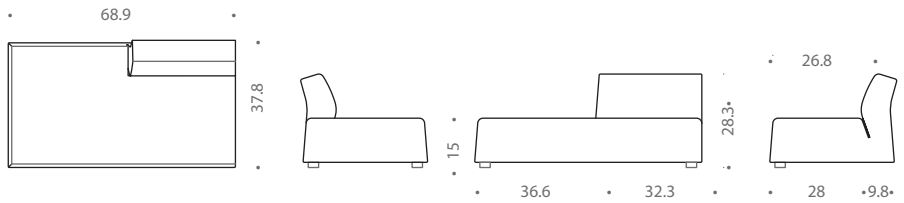

dimensions cont. :

CHAISE LONGUE MODULE

CHAISE LARGE MODULE

The inclined pouf can be combined (side identified by the profile's detail) with the end or intermediate modules (thus generating daybeds).

INCLINED POUF MODULE

The island pouf, as well as being used individually, can play the role of an angular module.

ISLAND POUF MODULE
