

mia francesco bettoni

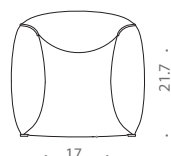

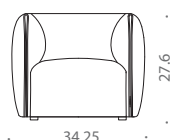

A compact, soft, comfortable armchair with a strong personality has joined the MDF Italia collection.

materials:

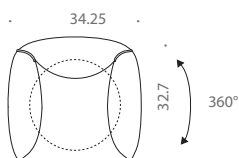

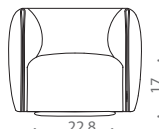

The supporting structure is made of solid wood and plywood, with a base equipped with elastic belts; the filling is variable density polyurethane foam, and the cover in polyester padding.

ARMCHAIR

fixed version

with swivel base

In the version with a contrasting trim, Mia is available in Londra and Derby fabrics

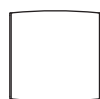

Extra covers can be purchased separately.

A pouf completing the collection is available with the same technical characteristics and covers as the armchair.
