

plate 46 & 50 luca nichetto

Featuring an original and unmistakable style, Plate is a chair collection that combines refined technical design with traditionally crafted finishes. In fact, its striking lines, with a dynamic racing car look, are enhanced with colored stitching that contrasts with its upholstery. The legs, in die-cast aluminium, add an attractive feeling of lightness. The Plate collection consists of three versions Plate 46, 50, and 70.

materials:

leg finish: polished aluminium / aluminium lacquered white / aluminium lacquered black
 Upholstered finish: in various fabric and leathers with contrast stitching
